## Beskrivning

EAN code: 8024986343243

Short description: TIMER logic element

Quantity per package: 1

Minimum order quantity: 1

Unit of measure: items

.

Assembly on DIN bar (DIN EN 50022) size

Control by compressed air

Delay setting range (s) from 0 to 30, at 6 bar

Flow (6 bar) (Nl/min) 100

Fluid Filtered air without lubrication; lubrication, if used, must be continuos

Functional denomination Timer

Installation In any direction

Max input pressure (bar) 008

Max temperature (°C) 60

Min input pressure (bar) 2.5

Min temperature (°C) -10

Nominal diameter (mm) 2,7

Push-in fitting for pipe (Ø) 4

Repositioning spring operated

Ripetibility ±0.4

Signal shutoff time (s) 0
